

# 1109 Pressure Gauge

## ABOUT

The Ashcroft® 1109 pressure gauge is a rugged instrument and an ideal choice when an ASME gauge with a solid front stainless steel case is a requirement. This model combines elements of reliability, performance and safety. An ideal product that serves extremely well on challenging installation points.

---

## BENEFITS

- Solid-front case design for safety
  - Epoxy-coated system offers superior corrosion resistance
  - PLUS!™ Performance (option) dampens vibration, shock and pulsation effects; provides liquid-fill performance in a dry gauge
- 

## SPECIFICATIONS

- Accuracy:  $\pm 1/2\%$  full scale (ASME B40.100 Grade 2A)
  - Pressure Ranges: Vacuum to 100,000 psi
  - Dial size: 4-1/2"
  - Bourdon tube / socket: 316L stainless steel
  - Case: stainless steel; solid-front safety design
  - Dry, liquid-filled and PLUS!™ versions
  - Certifications: CRN
- 

## APPLICATIONS

The 1109 pressure gauge is ideal where safe and reliable pressure measurement is essential:

- Oil and Gas
- Offshore Oil Rigs
- Chemical and Petrochemical Plants
- Refineries
- Waterblasting / Waterjetting Equipment
- Specialized OEM Equipment
